March 10, 2021

BIS Families,

We are very excited to share with you how our school is expanding our efforts to stop the spread of COVID-19. Beginning on or around March 8, our school will be able to offer any student or staff member that becomes ill during the school day with COVID-19-like illness or who are identified as close contacts the opportunity to get tested right here in our nurse's suite.

Our nurse's suite is fully stocked with both rapid and PCR confirmatory tests, and our school nurse has been trained in the administration and handling of both tests.

The testing program is entirely FREE, and no insurance is required. All you need to do to have your child participate in this program is simply complete the opt-in form that came home with your child. It can also be printed at home by downloading it from our website at [www.berlinintermediate.org](http://www.berlinintermediate.org).

This is a truly a great new service we are able to offer our students and staff, so please be sure to take advantage by completing and returning the opt-in form to school as soon as possible. If you have any questions about this program, please contact us by calling the school nurse at 410-632-5323 or via email at [ANBradford@worcesterk12.org](mailto:ANBradford@worcesterk12.org). Thank you.
